

Careers at the Nexus of Science and Policy

April 3, 2015 | 2 – 3 p.m. | IR/PS Room 3201

Robert Friedman

Vice President for Policy and University Relations, J. Craig Venter Institute

Lisa Shaffer

City Council Member, City of Encinitas

John Watson

Professor of Bioengineering and the Von Liebig Center Founding Director, UC San Diego

IR/PS Science Policy Fellows Program Event

Open to students from across campus, this career panel sponsored by the IR/PS Science Policy Fellows Program explores ways to combine research and policy in a sustainable career. Learn how to have a career at the STEM-policy nexus from our three speakers — all of whom have different scientific and policy expertise and yet have excelled at combining the two.

UC San Diego

School of International Relations
and Pacific Studies
