Living with Wildfires

Ten of the top 20 most destructive California wildfires, according to Cal Fire, have occurred in the last decade. Are wildfires on the rise? What's being done to prevent wildfires? What can we do to protect ourselves?

Join an interdisciplinary expert panel of UC San Diego researchers and city officials as we explore answers to these critical questions.

PANELISTS

Ilkay Altintas, Chief Data Science Officer, San Diego Supercomputer Center
Judd (Judson) Boomhower, Assistant Professor, Department of Economics
Brian Fennessy, Fire Chief, City of San Diego
Frank Vernon, Researcher, Scripps Institution of Oceanography

Moderated by
Teevrat Garg,
Assistant Professor,
GPS
